Professional Summary

possess foundational knowledge in Artificial Intelligence and Data Analytics, with skills in Python, SQL, Microsoft Excel, and Microsoft Power BI. I am familiar with Machine Learning, Deep Learning, Data Visualization, Data Cleaning, and Exploratory Data Analysis (EDA). I also have experience working with Python libraries such as Pandas and NumPy for analyzing and processing data. Passionate about AI and data-driven technologies, I am continuously improving my technical and analytical skills to build intelligent and efficient solutions.

Education

Jeppiaar University , Chennai, Tamil Nadu	2023 – 2027
B.Tech in Computer Science (Data Science)	CGPA: 8.34
Sri Chaitanya Junior College	2023
Class XII	81%
AP Model School	2021
Class X	CGPA: 9.3

Technical Skills

Artificial Intelligence: AI Fundamentals, Basic Machine Learning Concepts

Programming & Querying: Python , SQL (MySQL)

Data Analysis: Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA), Statistical Analysis

Business Intelligence: Power BI, Tableau, Dashboard Development, KPI Reporting

Tools & Technologies: Excel (Advanced), Google Sheets, VS Code

Concepts: ETL Processes, Data Modeling, Data Validation, A/B Testing, Data Visualization, Reporting Automation

Projects

India Election Analytics Dashboard

- Performed Data Analysis & EDA on 10,000+ records across 20+ states using Python (Pandas, NumPy) and SQL (MySQL).
- Applied Data Cleaning & Data Wrangling (validated 100% null-free, 0 duplicates) for accurate analysis.
- Built a Power BI dashboard with 7+ visualizations & KPIs, improving insight access by 40%.
- Implemented ETL processes, reducing data prep time by 30% for data-driven decision-making.

Company Sales Data Dashboard

- Analyzed 5,000+ records across 12+ categories using Python, SQL, and Excel.
- Developed dashboards in Power BI and Tableau with 8+ KPIs, improving reporting efficiency by 30%.
- Performed Data Cleaning, Data Modeling & Data Wrangling ensuring 100% consistent data.
- Automated reporting, reducing manual effort by 35% and improving speed by 25%, supporting stakeholder decision-making.

Certifications

- SQL and Relational Databases 101 – IBM Skills Network (April 2026)
- Data Analysis with Python – IBM
- Data Visualization: Empowering Business with Effective Insights – TATA Forage
- Deloitte Data Analytics Job Simulation – Forage
- Artificial Intelligence Fundamentals – IBM SkillsBuild

Leadership & Activities

- Regularly share data analytics insights and project work on LinkedIn.
- Organized and coordinated college events and student activities.
- Passionate about fitness, creative sketching, and visual design.
- Experienced in video editing and digital content creation.
